## ***Tommy Bahama to Open at Legacy West in Plano, Texas***

*Tommy Bahama Restaurant Bar & Store at Legacy West*

*Tommy Bahama*, an innovative leader in developing a dynamic restaurant and retail concepts, will open at Legacy West in Plano, Texas this August. The new 11,200 sq. ft. *Tommy Bahama Restaurant, Bar & Store* will offer a lively shopping and dining experience that encourages pure enjoyment in a relaxed yet vibrant atmosphere. Located in the heart of Legacy West, *Tommy Bahama Restaurant Bar & Store* will serve as an inviting oasis among the development's top retailers, Fortune 500 companies and residents.

With 12 *Tommy Bahama* stores in Texas – three of those in Dallas – and a *Tommy Bahama Restaurant, Bar & Store* in The Woodlands, Texans are no strangers to the brand. The iconic *Tommy Bahama* men's and women's sportswear, swimwear, accessories, home décor and restaurant strike an exciting, satisfying note with Texas guests who appreciate the relaxed hospitality and easy, island style.

"Today we're a 360° lifestyle brand," says Rob Goldberg, Executive Vice President Restaurants. "Our guest is increasingly diverse in age and attitude. We're sure Legacy West and Dallas guests will appreciate the cuisine, our attentive service and the wonderfully free-flowing ambiance and décor of our newest 'island'."

Designed by MG2, internationally recognized as one of the world's top retail design firms, *Tommy Bahama Restaurant Bar & Store* perfectly complements the vibrancy of Legacy West. The 250 seat restaurant and bar will feature a large covered patio, expansive kitchen and ample indoor dining with options for private parties. Fresh and contemporary in design with warm wood, cool stone and dark metal accents creates an open inviting atmosphere. Adjacent to the covered patio is one of the development's impressive water features that helps set the relaxed, carefree vibe when dining alfresco.

Just as each of the 16 *Tommy Bahama Restaurant, Bar & Store* sites are individually designed to reflect its sense of place, the restaurant menu will feature a selection of dishes currently being developed that will be unique to this location in addition to signature favorites such as the ahi tuna tacos and of course the grilled baby back pork ribs. The wonderfully extensive selection of hand-crafted cocktails and rum drinks will flow as well.

"We're offering an immersive guest experience," Rob Goldberg adds. "The *Tommy Bahama Restaurant, Bar & Store* in Plano, Texas is about a timeless spirit of relaxation and we look forward to welcoming everyone."
